Greetings From Manjali Technologies.

Dear Sir,

I am pleased to introduce myself and my company, Manjali Technologies. We are excited to get to work on your new website design & digital marketing, and we want to make sure you're satisfied with our proposal and have a full understanding of what to expect in this lengthy process. The following proposal will set a project road map from start to finish. You will have a complete understanding of the process and timeline for completion. And if you have any questions or concerns, please contact me personally.

Purpose:

The purpose of this project is to provide event management system and one-to-one communication between farmer and admin.

Scope:

- Farmer should be able to register/ login into the system.
- Using mobile app farmer should be able ask the question to the in the text format.
- Admin should be able to login in web application and assign chat session to staff.
- Staff should be able to login and reply to questions asked by farmer in text format.
- Farmer/Staff should be able to end the chat session.
- Admin should be able to add/update/delete the events
- Staff/Students should get details of future/past event details

Intended Audiences
